Continuing Medical Education (CME) Job Aid: How to log in to the CME Website

What is in this job aid?
This resource will assist you in accessing Northwestern CME resources (including your user profile, CME credit transcript, course evaluations and certificates, registrations and receipts, and activity applications). Depending on your institutional affiliation, there are different methods for logging in to the CME Website.

1) For providers who use NM applications (such as Power Chart and Epic), who are on a NM device on the NM Network, you can login via My Learning using your NM username and password (*Recommended using IE for your browser*).
2) For providers who use NM applications who are outside the NM Network (at home or not able to login via the NM Network), you can login directly from the CME website with your NM username and password.
3) For providers who do not use NM applications (such as Lurie Children’s providers and some SRAL providers), you can login directly from the CME website with an email address.
4) For providers who download the CloudCME App, you can login on your mobile device.

**If you have any questions about your NM log in credentials, contact the NM Helpdesk at 312.926.4357 or at servicedesk@nm.org.**

**If you have questions about what log in credentials to use, contact the Office of CME at 312.503.8533 or cme@northwestern.edu**
