Current Advances in Pediatrics is a half-day educational seminar for pediatricians, primary care physicians and other clinicians who want to learn about the latest treatments and advancements in pediatrics.

Event speakers and topics

Topics will be presented by providers who are part of the collaborative program between Northwestern Memorial HealthCare and Ann & Robert H. Lurie Children’s Hospital of Chicago and its affiliated physician groups.

Accreditation Statement

The Northwestern University Feinberg School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement

The Northwestern University Feinberg School of Medicine designates this live activity for a maximum of 4.25 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABP MOC Part 2 Statement

Successful completion of this CME activity, which includes participation in the activity and individual assessment of and feedback to the learner, enables the learner to earn up to 4.25 MOC points in the American Board of Pediatrics’ (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider’s responsibility to submit learner completion information to ACCME for the purpose of granting ABP MOC credit.

Agenda

12:00-12:30 pm	Registration and Lunch	12:40-5:00 pm	Presentations
12:30-12:40 pm	Opening Remarks	5:00 pm	Closing Remarks

12:30-12:40 pm
Opening remarks
Jeffrey Loughead, MD*

12:40-1:30 pm
AFM – Acute Flaccid Myelitis: Is This a “Polio-Like” Illness?
Presented by Steven Coker, MD*
Learning objectives–At the conclusion of this activity, the participant will be able to:
1. Identify and understand the pathology and characteristics of AFM.
2. Differentiate AFM from other white matter cord diseases such as polio,multiple sclerosis and transverse myelitis.
3. Identify the possible treatments and palliative measures.

1:30-2:20 pm
Types of Drug Allergy – Diagnosis and Management
Presented by Timothy Brown, MD*
Learning objectives–At the conclusion of this activity, the participant will be able to:
1. Identify the varied presentations of drug allergy and their immunologic mechanisms.
2. Differentiate when testing for a drug allergy is helpful and when it is not.
3. Counsel a patient and/or their family with a suspected drug allergy.

2:20-3:10pm
Hepatitis C Virus in Infants, Children and Pregnant Women: Eradication in Special Populations
Presented by Ravi Jhaveri, MD*
Learning objectives–At the conclusion of this activity, the participant will be able to:
1. Describe the changing epidemiology of hepatitis C virus (HCV) infections in the United States.
2. Identify which children would benefit most from treatment of HCV infection.
3. Identify the high-yield groups for universal HCV screening to best enable identification of infected individuals.

3:10-3:20pm
Break

3:20-4:10 pm
Primary Care for the NICU Graduate
Presented by Corryn Greenwood, MD*
Learning objectives–At the conclusion of this activity, the participant will be able to:
1. Implement nutritional recommendations for the formerly preterm NICU graduate.
2. Summarize the recently updated approach to neonatal abstinence syndrome and appropriate follow-up for these infants.
3. Recognize the adverse mental health consequences that NICU parents may experience after discharge and identify local resources for support.

4:10-5:00 pm
Childhood Onset Anxiety Disorders as They Present in Pediatric Primary Care
Presented by John Walkup, MD*
Learning objectives–At the conclusion of this activity, the participant will be able to:
1. Differentiate between normal and pathological forms of anxiety.
2. State the typical age of onset of childhood anxiety disorders.
3. Identify the risks for the development of anxiety disorders including family genetic risks.
4. Discuss the evidence-based treatments for childhood anxiety disorders,including medication management and psychosocial interventions.

5:00 pm
Closing remarks
