## WHAT'S NEW

This year, we present a comprehensive course in GI and Hepatology. The agenda provides state-of-the-art lectures on a wide range of topics relevant to daily practice for gastroenterologists. Each lecture will use a case-based approach to provide novel data but also key clinical pearls to improve care for your patients. In addition, we will offer immersive breakout sessions and a hands-on experience for intimate discussion with the experts, along with demonstration of novel diagnostic tools and therapies across GI.
