Objectives:

1. To recognize the impact that interpersonal violence has on your patients' health and health outcomes.
2. To use trauma informed care when communicating with and treating all patients, regardless of past history, to avoid secondary trauma.
3. To better identify patients who are survivors of intimate partner violence, sexual abuse or assault and human trafficking in order to assist with intervention.
4. To utilize a Victim-centered approach that allows for patient empowerment when providing support and resources to survivors of interpersonal violence.

Accreditation Statement: The Northwestern University Feinberg School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement: The Northwestern University Feinberg School of Medicine designates this live activity for a maximum of 4 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
