PROGRAM INFORMATION

Referred to as the most valuable breast cancer meeting worldwide for the practicing clinician, the Lynn Sage Breast Cancer Symposium will provide 3.5 days of in-person presentations and interactive Q&A sessions.

For 25 years, this multidisciplinary CME program has provided the latest information regarding cutting-edge technology and approaches in the management of breast cancer from leading national and international medical, surgical, and radiation oncologists. This year's symposium will include a superb line-up of internationally recognized faculty who will present the latest research findings and be available for interaction following their presentations. The symposium will focus on the close cooperation required for effective multidisciplinary management of patients with breast cancer.

Educational Objectives

1. Describe toxicities of breast cancer treatment, including financial toxicity
2. Cite management issues for local and systemic therapy particular to young women with breast cancer
3. Determine appropriate tailoring of surgery and radiotherapy after neoadjuvant systemic therapy
4. Discuss current approaches to systemic therapy in the adjuvant and neoadjuvant settings for HER2+ breast cancer
5. Recognize the controversies surrounding universal genetic testing
6. Restate the management issues for pregnant patients with early stage breast cancer
7. Explain the new treatment options for patients with metastatic triple negative breast cancer
8. Interpret the management issues related to uncommon histologic subtypes of breast cancer
9. Identify optimal duration and composition of adjuvant endocrine therapy in high risk patients
10. Distinguish HER2 low breast cancer in terms of distinct features and treatment options
11. Summarize different radiation therapy schedules and appropriate clinical settings for each

Target Audience

The target audience for this activity includes medical oncologists, radiation oncologists, surgical oncologists, fellows in training, oncology nurses, and allied health professionals in breast cancer.

Lynn Sage Symposium Travel Awards Program: If you have fellows from your institution who may be interested in attending the symposium, please share the following with them:

The Lurie Cancer Center invites fellows and residents to apply for the Lynn Sage Symposium Travel Awards Program. The program is an annual opportunity for residents and fellows to ascertain the latest clinical and scientific advances in breast cancer research through their attendance at the symposium and to meet breast cancer experts from around the world.

In addition to attending the symposium, the awardees will participate in a forum to discuss case studies contrasting the differences or similarities in the management of patients with various breast cancer disease states. Additionally, physicians from both the academic and private practice settings will present their experiences, recommendations, and guidance on the career paths available to residents and fellows.

Detailed information is available online at: <http://www.lynnsagebreastcancer.org/scholars.cfm>.

Fellows from the Chicago area are invited to apply for the scholars program and, if selected, they will get their registration fee waived and complimentary parking (no hotel accommodations).

SEPTEMBER 7 THURSDAY

Session 1: Toxicities and Breast Cancer

Moderator: Nora Hansen, MD

9:00 am

Welcome

William Gradishar, MD

9:05 am

Skin Toxicity

Mario Lacouture, MD

9:35 am

Reconstructive Options and What Patients Want

Jonas Nelson, MD, MPH

10:05 am

Diet, Microbiome and Breast Cancer

Leah Ferrucci, PhD, MPH

10:35 am

Quality of Life - Fertility, Sex or Pain Management

Tara Sanft, MD

11:05 am

Financial Toxicity

Fumiko Chino, MD

11:35 am

Q & A

11:55 am

Lunch & Exhibits

Session 2: Pathology for the Non-Pathologist

Moderator: Kalliopi Siziopikou, MD, PhD

1:00 pm

Metaplastic Carcinoma of the Breast

Celina Kleer, MD

1:30 pm

Updates in Breast Cancer Biomarker Testing

Xiaoxian (Bill) Li, MD, PhD

2:00 pm

Evaluation of Axillary Lymph Nodes in Breast Cancer

Julie Jorns, MD

2:30 pm

The Informative Breast Pathology Report

Kalliopi Siziopikou, MD, PhD

3:00 pm

Q & A

3:20 pm

Break

3:40 pm

Unusual Cases

William Gradishar, MD

4:40 pm

Award Ceremony

5:10 pm

Adjourn

SEPTEMBER 8 FRIDAY

Session 3: Imaging and Risk

Moderator: Seema Khan, MD

8:30 am

Pros and Cons of Universal Genetic Testing for Breast Cancer Patients

Claudine Isaacs, MD

9:00 am

What's on the Horizon for Risk Reduction?

Melissa Pilewskie, MD

9:30 am

Pathology of High Risk Lesions: Have We Learned Anything New?

Stuart Schnitt, MD

10:00 am

Break

10:20 am

Controversies in Imaging

Maxine Jochelson, MD

10:50 am

Q & A

11:10 am

LYNN SAGE LECTURE

The Evolving Paradigm of the Local Therapy of Breast Cancer: Are We Getting It Right?

Monica Morrow, MD

12:10 pm

Lunch

Session 4: Hormone Receptor Positive Cancer and Young Women

Moderator: William Gradishar, MD

1:30 pm

Pregnancy and Breast Cancer

Ann Partridge, MD, MPH

2:00 pm

Surgical Issues in Young Women with Breast Cancer

Tari King, MD

2:30 pm

Controversies in Adjuvant Endocrine Therapy in Premenopausal Women

Ruth O'Regan, MD

3:00 pm

Break

3:20 pm

Eliminating Radiation Therapy in HR+ Cancer: Where Are We?

Lior Braunstein, MD

3:50 pm

Options in Endocrine Therapy and Beyond for Metastatic Disease

Virginia Kaklamani, MD

4:20 pm

Q & A

4:45 pm

Adjourn

SEPTEMBER 9 SATURDAY

Session 5: Evolving Areas in Management

Moderator: Swati Kulkarni, MD

8:30 am

Update on Systemic Therapy for Triple Negative Cancer

Rita Nanda, MD

9:00 am

Nipple Sparing Mastectomy: Where Are We Now?

Armando Giuliano, MD

9:30 am

Update on Genomic Testing in HR+ Breast Cancer

Kevin Kalinsky, MD, MS

10:00 am

Oncoplastic Breast Surgery 2023

Walter Paul Weber, MD

10:30 am

Break

11:00 am

Tailoring Surgery for Uncommon Histologic Types

George Plitas, MD

11:30 am

Q & A

12:00 pm

Lunch

Session 6: Unresolved Problems

Moderator: Monica Morrow, MD

1:15 pm

HER2 Low Now and in the Future

Shanu Modi, MD

1:45 pm

Management of Brain Metastases

Sarah Sammons, MD

2:15 pm

Inflammatory Breast Cancer: Different or Just Part of a Continuum?

Hal Burstein, MD, PhD

2:45 pm

Patient Reported Outcomes in Breast Cancer

Audree Tadros, MD

3:15 pm

Q & A

3:45 pm

Case Management Panel

Monica Morrow, MD

Panelists:

William Gradishar, MD

Nora Hansen, MD

Jonathan Strauss, MD

Shanu Modi, MD

5:00 pm

Adjourn

SEPTEMBER 10 SUNDAY

Session 7: Issues in Neoadjuvant Therapy

Moderator: Jonathan Strauss, MD, MBA

8:30 am

Surgery of the Breast after Neoadjuvant Chemotherapy

Andrea Barrio, MD

9:00 am

Optimizing Axillary Staging after Neoadjuvant Chemotherapy

Giacomo Montagna, MD, MPH

9:30 am

New Approaches to Residual Tumor after Neoadjuvant Chemotherapy

William Gradishar, MD

10:00 am

Tailoring Radiation Therapy to Response: Standard Practice?

Jonathan Strauss, MD, MBA

10:30 am

Q & A

11:00 am

Adjourn

Registration

Advance registration is encouraged, as space and program materials are limited. The registration fee includes conference tuition, CME credits, MOC points, access to digital materials and networking opportunities.

Register online at lynnsagebreastcancer.org.

Type	Discounted Through August 1	Regular After August 1
General	\$675	\$775
Fellow/Student/Trainee	\$375	\$475
Nurse/Physician Assistant/Nurse Practitioner	\$375	\$475
Industry Representative	\$875	\$975

ADDITIONAL FEES

Lunch Ticket (no refunds)

\$40/day

Refund/Cancellation Policy

Registration fees, less a \$50 administrative handling fee, are refundable if written request is received on or before August 1, 2023. Please include your registration ID number when requesting a refund. **No refunds will be granted after August 1, 2023.** However, you may transfer your registration to a colleague. For further information, please call 312-503-7809 or email cancer@northwestern.edu.

Faculty Disclosure

Northwestern University Feinberg School of Medicine requires course directors, speakers, instructors, planners and other individuals who are in a position to control the content of this activity to disclose any relevant financial relationships. All identified potential conflicts of interest, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations are thoroughly vetted by Northwestern University FSM for fair balance. The faculty disclosures will be indicated at the symposium.

Accreditation Statement

The Northwestern University Feinberg School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement

The Northwestern University Feinberg School of Medicine designates this live activity for a maximum of *22.5 AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Surgery Accredited CME and Self-Assessment

Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn credit toward the CME and Self-Assessment requirements of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

Maintenance of Certification (MOC)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 22.5 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
