The 2018 Northwestern Medicine Neuro-Oncology CME Symposium

Friday, April 20
Northwestern Memorial Hospital
251 East Huron Street,
Feinberg Pavilion
Third Floor, Pritzker Auditorium
Chicago, IL
7:15 am to 2:30 pm

Sponsored by Northwestern Medicine and Northwestern Medicine Lou and Jean Malnati Brain Tumor Institute of the Robert H. Lurie Comprehensive Cancer Center of Northwestern University at Northwestern Memorial Hospital

REGISTER ONLINE: www.cme.northwestern.edu
According to the most recent statistics from the NIH, brain and other nervous system cancers account for only 1.4% of all new cancer cases in the US, often with a grim outcome. Therefore, it is vital that healthcare providers are aware of the latest research and clinical developments within the field.

This program offers participants a unique opportunity to hear from leading experts about state-of-the-art advances in neuro-oncology. Cases will be examined from multiple perspectives, providing participants with clinical pearls for diagnosing and managing malignant brain tumors to improve patient outcomes.

We are honored to welcome Mitchel S. Berger, MD, Professor and Chairman, Department of Neurological Surgery; University of California, San Francisco, and Monika E. Hegi, PhD, Professor and Director, Laboratory of Brain Tumor Biology and Genetics; Centre Hospitalier Universitaire Vaudois and University of Lausanne, Lausanne, Switzerland, to join the interactive discussion and provide insights on the latest scientific developments.

After attending this educational activity, participants should be able to:

1) Review current treatment strategies for gliomas and discuss treatment challenges in special patient populations.

2) Interpret new clinical data on experimental agents currently under evaluation in gliomas and other brain tumors to identify opportunities to optimize treatment.

3) Review new research on cell biology, signal transduction inhibition strategies, and factors associated with angiogenesis and invasion in brain tumors.

4) Discuss the indications for endoscopic or endoscope-assisted surgical procedures.

5) Discuss the current data on radiotherapy and stereotactic radiosurgery for gliomas.

6) Discuss the current developments in novel therapeutic agents.

7) Review current clinical trial options

8) Discuss treatments of other types of tumors, including meningiomas, pituitary tumors, skull base tumors, and brain metastases.

Program Course Directors

James P. Chandler, MD  
Surgical Director, Lou & Jean Malnati Brain Tumor Institute of the Lurie Cancer Center at Northwestern Memorial Hospital  
Northwestern Medicine  
Professor, Neurological Surgery and Otolaryngology  
Northwestern University  
Feinberg School of Medicine

Roger Stupp, MD  
Professor of Medicine (Hematology/Oncology), Neurology & Neurological Surgery  
Northwestern University  
Feinberg School of Medicine  
Medical Director, Lou & Jean Malnati Brain Tumor Institute  
Chief, Division of Neuro-oncology, Department of Neurology  
Associate Director for Strategic Initiatives  
Robert H. Lurie Comprehensive Cancer Center of Northwestern University

Invited Faculty

Mitchel S. Berger, MD  
Professor and Chairman, Department of Neurological Surgery  
Berthold and Belle N. Guggenheim Endowed Chair  
Director, Brain Tumor Surgery Program  
Director, Neurosurgical Research Centers, Brain Tumor Research Center  
University of California, San Francisco

Monika E. Hegi, PhD  
Professor & Director  
Laboratory of Brain Tumor Biology and Genetics  
Neurosurgery & Neuroscience Research Center  
Department of Clinical Neurosciences  
Centre Hospitalier Universitaire Vaudois and University of Lausanne  
Lausanne, Switzerland

Program Faculty

Daniel J. Brat, MD, PhD  
Magerstadt Professor and Chair, Department of Pathology  
Northwestern University  
Feinberg School of Medicine

Benjamin P. Liu, MD  
Assistant Professor of Radiology  
Northwestern University  
Feinberg School of Medicine

Vinai Gondi, MD  
Director of Research, Northwestern Chicago Proton Center  
Director of CNS Radiation Oncology, Northwestern Medicine Cancer Center Warrenville  
Health System Clinician of Radiation Oncology  
Northwestern University  
Feinberg School of Medicine

Rimas V. Lukas, MD  
Associate Chief of the Neuro-Oncology Division  
Associate Professor of Neurology  
Northwestern University  
Feinberg School of Medicine

C. David James, PhD  
Scientific Director, Lou & Jean Malnati Brain Tumor Institute of the Lurie Cancer Center at Northwestern Memorial Hospital  
Northwestern Medicine  
Professor of Neurological Surgery and Biochemistry and Molecular Genetics  
Northwestern University  
Feinberg School of Medicine

Amanda Saratsis, MD  
Pediatric Neurosurgeon  
Ann & Robert H. Lurie Children's Hospital of Chicago  
Assistant Professor of Neurosurgery  
Northwestern University  
Feinberg School of Medicine

John A. Kalapurakal, MD, FACR  
Vice Chair, Department of Radiation Oncology  
Professor of Radiation Oncology and Neurological Surgery  
Northwestern University  
Feinberg School of Medicine

Derek A. Wainwright, PhD  
Assistant Professor of Neurological Surgery, Hematology and Oncology and Microbiology-Immunology  
Northwestern University  
Feinberg School of Medicine

Jean-Paul Wolinsky, MD  
Professor of Neurological Surgery and Orthopaedic Surgery  
Northwestern University  
Feinberg School of Medicine
Program Location
The program will be held at Northwestern Memorial’s Feinberg Pavilion, 251 E. Huron Street, Third Floor, Pritzker Auditorium, Chicago, IL.

Hotel Accommodations
To make a hotel reservation, please visit here to find the list of participating hotels who offer a Northwestern discount. We recommend you make your reservations as soon as possible to ensure accommodations.

Directions and Parking
Please visit nm.org for directions to the conference. We offer discounted parking in the garage just north of the hospital at 222 E. Huron Street. Please bring your parking ticket with you.

Audience
This course is designed for all specialists working in the field of neuro-oncology: neurosurgeons, neurologists, medical oncologists, radiation oncologists, advanced care providers, nurses, nurse practitioners, physician assistants, hospitalists, oncology social workers and pharmacists and allied health professionals.

Registration Fee
The fee is $60 for physicians and $40 for trainees, nurses and other healthcare professionals. Breakfast, refreshments and lunch are provided. Space is limited. No refunds will be issued after April 9.

Registration Procedure
To register online, please visit www.cme.northwestern.edu. If paying with check, please mail your check, made payable to Northwestern Memorial Hospital (CME), to the address listed below, prior to April 9.

Northwestern Memorial HealthCare
675 North St. Clair Street, Galter 3-104
Chicago, IL 60611

Accreditation Statement
The Northwestern University Feinberg School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement
The Northwestern University Feinberg School of Medicine designates this educational activity for a maximum of 5.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Family Attractions
Northwestern Memorial Hospital is located in the heart of Chicago, within walking distance of a variety of restaurants, public transportation and the Magnificent Mile, Chicago’s premier shopping area. For a listing of all Chicago has to offer, visit cityofchicago.org.
